BEFORE THE PUBLIC SERVICE COMMISSION OF THE STATE OF NORTH DAKOTA

CASE NO. PU-14-842

Dakota Access, LLC Dakota Access Pipeline Project Siting Application

<u>Supplemental</u> Affidavit of Joey Mahmoud in Support of the Request for Pipeline Route Deviation and Application of Dakota Access, LLC, for an Amended Corridor Certificate and Route Permit, and the Application for Waiver or Reduction of Procedures and Time Schedules

STATE OF NORTH DAKOTA)
) ss.
COUNTY OF BURLEIGH)

Joey Mahmoud, being first duly sworn upon oath, states and alleges as follows:

1. That I submit this supplemental affidavit in support of the Request for Pipeline Route Deviation and Consolidated Application for an Amended Certificate of Corridor Compatibility and Route Permit ("Application") and the Amended Application for Waiver or Reduction of Procedures and Time Schedules ("Amended Waiver Application"), filed by Dakota Access, LLC ("Dakota Access") in the above-captioned matter.

2. That I am employed as the Vice President of Engineering for Dakota Access for the Dakota Access Pipeline Project (the "Project").

3. That on January 20, 2016, the North Dakota Public Service Commission ("Commission") issued its Order granting Dakota Access a Certificate of Corridor Compatibility and Route Permit for the Project ("Order").

4. That on April 5, 2016, Dakota Access submitted a request to the Commission for approval of various modifications to the approved Project route and corridor in Mountrail,

Williams, McKenzie, and Dunn Counties, North Dakota as set forth in the application materials and supporting documentation and exhibits. *See* PSC Docket No. 156.

5. That the modifications to the Project are a result of landowner and agency requests, as further explained in the Amended Waiver Application.

6. That as noted in the initial affidavit in support of the Application, all owners of the property to be crossed by the modified route have approved the proposed modifications. *See* PSC Docket No. 156.

7. That as of the date of this supplemental affidavit, Dakota Access has obtained one hundred percent (100%) of the easements necessary for the proposed modified route and corridor.

8. That some of the easements obtained from the applicable landowners contain confidential information. For the easements including confidential information, a memorandum of easement was recorded with the relevant county recorder's office instead of the easement. When possible, the easements were filed with the relevant county recorder's office. Attached hereto as **Exhibit H** are all easements or memorandum of easements applicable to the route modifications.

9. That Dakota Access will comply with the Commission's orders, laws, and rules designating the corridor and designating the route for any amendments to the corridor and route as requested.

FURTHER AFFIANT SAYETH NOT.

Joey Mahmoud
